LOT 509 - [✓] [MSRP: \$19.97] Milescraft SawGuide for Circular Saws and Jig Saws

Description

About This Product - Milescraft SawGuide for Circular Saws and Jig Saws

The improved Milescraft SawGuide allows users to make the precision cuts of a table saw while using hand-held circular or jig saws. The SawGuide turns your circular saw into a guided cutting tool that makes straight, accurate, repeatable cuts in large stock such as plywood and MDF. This helps users improve speed and provide confidence while making accurate, repeatable cuts. The SawGuide is a universal system that works with most saws and creates straight, angle, bevel, and rip cuts. The SawGuide works in both right and left handed circular saw configuration to accommodate all users. By

Flipping the unit over and attaching a jig saw, you can create perfect circles up to 24 in. Dia.
