**LOT 504 - [✓] [EXT MSRP: \$93.20] Apollo 3/4 in. Poly-Alloy PEX-A Expansion Barb 90 Elbow (10-Pack)**

### Description

#### About This Product - Apollo 3/4 in. Poly-Alloy PEX-A Expansion Barb 90 Elbow (10-Pack)

The Apollo Expansion PEX 3/4 in. Plastic PEX-a Barb 90 Elbow (10-Pack) is simple to install. Apollo Expansion PEX poly alloy fittings are the perfect alternative to brass in regions where water quality can negatively affect brass. Apollo PEX barb fittings are a key component of the most economical potable water piping systems. Also capable of integration into hydronic heating systems, Apollo Expansion PEX couplings must be secured into place using a Apollo Expansion PEX sleeve or comparable cold expansion-type sleeve or ring (all sold separately). The Apollo Expansion PEX system is a

comprehensive cold expansion piping system comprised of brass fittings, poly alloy fittings, manifolds, valves, fasteners, tools and tubing designed for implementation in water delivery systems, simple or complex.

## Highlights

- Pro pack includes 10 fittings
- Larger internal diameter of Apollo expansion PEX fittings results in a 25% greater flow rate within the system
- Constructed of high density polysulfone alloy for superior reliability and strength
- Cold-expansion tool (sold separately) is required for installation
- Meets or exceeds ASTM F1960 standard
- Meets UPC, IPC and cUPC standard
- Must secured in place using Apollo expansion PEX sleeves or other PEX-A expansion sleeves/rings
- Go/no-go gauges are never required
- Barb x barb connection for PEX-A plumbing systems
- To ensure secure connections every time, fittings cannot be dry fit
- Rated to 200F and 200 psi
- Item is not compatible with PEXb pipe, crimp-style (ASTM 1807) or pinch clamp (ASTM F2098) piping systems

---

## WHY USE PEX?

PEX pipe is flexible for easier installation.

PEX fittings and pipe are less expensive than other plumbing materials.

---

## WHICH PIPE CAN I USE?

### Blue PEX-A Pipe

$\frac{3}{4}$ " x 100'	EPPB10034S
$\frac{3}{4}$ " x 300'	EPPB30034S

### Red PEX-A Pipe

$\frac{3}{4}$ " x 100'	EPPr10034S
$\frac{3}{4}$ " x 300'	EPPr30034S

## Specifications

Application: Potable Water

Bend Degree: 90 Degree

Color Family: Black

Color/Finish: Black

Compatible Pipe Material: PEX

Connection 1: Barb

Connection 2: Barb

Connectivity: Barb

Features: Corrosion Resistant, Lead Free, Removable

Fitting or Connector Type: Elbow

Fitting/ Connector Collection: PEX

Material: Polyallyl

Maximum Working Temperature (F): 200

Maximum working pressure (psi): 200

PEX Fitting Type: Expansion

PEX Type: A

Pack Size: 10

Pipe or Fitting Product Type: Fittings & Connectors

Product Weight (lb.): 0.03 lb

Reducing Fitting: No

Returnable: 90-Day

Manufacturer Warranty: 25 Years: For exclusive use with PEXa pipe.

Double Fitting Size: 3/4" x 3/4"

Fitting 1 size: 3/4"

Fitting 2 size: 3/4"

Fitting Size Dimensions: 3/4" x 3/4"

Product Depth (in.): 0.86 in

Product Height (in.): 1.97 in

Product Width (in.): 1.97 in

Single Fitting Size: 3/4"

## **Product Information**

Internet # 302741911

Model # EPXP AE3410PK

**Quantity:** 5
