Description

About This Product - HDX FML-4 Premium Refrigerator Water Filter Replacement For LG LT800P (2-Pack)

This premium HDX replacement refrigerator water filter fits in place of LG filter model LT800P. Certified against NSF/ANSI 42, 53, 372, 401 to reduce lead, cyst, as well as chlorine taste and odor to ensure high quality and performance. This high-quality economical filter will deliver fresh, crisp, clean tasting water and ice cubes that you can trust for your family. Engineered with the power of 0.5-micron coconut shell carbon block, this filter provides tremendous capacity to reduce impurities, sediment and rust that may be present in your drinking water. The carbon block has millions of active

sites on its surface and within the structure which can absorb impurities like a sponge and can hold other types of impurities on its surface like a magnet. Additionally, this filter can catalytically breakdown other impurities like the way a catalytic converter works in your automobile. Easy installation filter with a life capacity of 200 Gal. or 6 months, whichever precedes. Using this filter will replace 1000 water bottles reducing the amount of plastic waste in our landfills. This filter fits the following filters: LG LT800P, ADQ73613401, ADQ73613408, ADQ75795104, Kenmore 9490, 46-9490, 469490, ADQ73613402

Highlights

- certified against NSF/ANSI 42, 53, 401 for the reduction of lead, mercury, benzene, carbofuran, cyst, endrin, phenytoin, ibuprofen, naproxen, estrone, bisphenol a, nonyl phenol chlorine and other contaminants that may be present in your drinking water present in your drinking water
