LOT 440 - [✓] [EXT MSRP: \$103.92] Faith 15A GFCI Outlet Slim GFI Receptacle with Wall Plate White

Description

About This Product - Faith 15A GFCI Outlet Slim GFI Receptacle with Wall Plate White

The Faith Electric GLS-15A-WH self-testing ground fault circuit interrupter outlet provides continuous protection from ground faults disconnecting power in 1/40 of a second if a dangerous condition is detected. Once connected to power this GFCI receptacle automatically self-tests every 2-1/2 hours. The green indicator LED light turns off if the outlet is not receiving power is broken or if it is at end-of-life. Slimmer modern design for easier and quicker installation in electrical boxes. Test and reset buttons match the device face color to blend in seamlessly. Meets or exceeds UL943

2015 standards. Compliant with National Electric Code (NEC) requirements. ETL listed.
Package Contents: (1) 15Amp white GFCI receptacle (1) 4.59 x 2.76 white wall plate (2) screws installation manual stickers US-based customer support
