LOT 411 - [✓] [MSRP: \$249.00] GE Under Sink 5 Stage Premium Reverse Osmosis Water Filtration System

Description

About This Product - GE Under Sink 5 Stage Premium Reverse Osmosis Water Filtration System

To keep your water tasting and smelling great consider installing the GE 5 Stage Reverse Osmosis Water Filtration System. This water filter is installed under your sink for a discreet appearance and produces up to 14 Gal. of water in a 24-hour period. The reverse osmosis membrane helps reduce microscopic contaminants such as arsenic, lead and ammonia, for better tasting water for drinking and cooking while the antimicrobial filter helps to restore natural minerals lost during RO process.

Highlights

- Filter Compatibility - Compatible with FQ18PN, FQ18MN & FQ18RT replacement filters
- Filter 95 impurities - this RO system filters 95 impurities including lead
- Remineralization filter - restore minerals removed during the reverse osmosis process
- Five stage filtration - reduce impurities with a premium 5-stage filtration system
- Antimicrobial design - antimicrobial reverse osmosis system
- Big results, small footprints - easily install under the sink for a concealed solution
- IAPMO Certified water filter - this under sink filter provides safe drinking water
- NSF/ANSI certified - enjoy clean water with a drinking water filtration system
- Design and function - includes a functional and stylish filtration faucet

Specifications

Application Type: Residential

Bacteria Reduction (%): 99.9

Chlorine reduction (%): 97.5

Color: White

Connection Type: Dedicated Faucet

Copper Reduction (%): 98.8

Ease of Install: Easy Install

Features: No additional features

Filtration Method: Thin Film Composite Membrane

Fitting style: Push to connect

Fluoride Reduction (%): 96.5

House Hold Size: Unspecified

Includes: Hardware, Installation kit

Indoor/Outdoor: Indoor

Iron Reduction (%): 0

Lead reduction (%): 99.1

Maximum feed water pressure (psi): 100

Maximum feed water temperature (F): 100

Maximum filtered water flow (gallons per min.): 0.8

Minimum feed water pressure (psi): 40

Minimum feed water temperature (F): 40

Number of Stages: 5 Stage

Number of filters included: 4

Pack Size: 1

Product Weight (lb.): 14.2 lb

Reduces: Bacteria,Chlorine,Copper,Fluoride,Lead

Returnable: 90-Day

Water Treatment Type: Reverse Osmosis Systems

Certifications and Listings: IAPMO Certified,NSF Certified

Manufacturer Warranty: Limited 1 year warranty

Fitting size (in.): .375 in

Product Depth (in.): 12.5 in

Product Height (in.): 9.25 in

Product Width (in.): 3.625 in
