Description

About This Product - MSI Angora Elongated Octagon 13.4 in. x 11.81 in. x 10 mm Polished Marble Mosaic Tile (10.9 sq. ft. / case)

Enhance your home's walls or countertops with this Angora Elongated Octagon 13.4 in. x 11.81 in. x 6mm glass stone mesh-mounted mosaic tile. Crafted with a stylish beige color, these attractive tiles feature narrow bricks of varying lengths. They make a perfect choice for a kitchen backsplash, bathroom shower or accent wall. The impervious tiles are arranged on a mesh sheet for worry-free installation. These durable, frost-resistant tiles will add a contemporary splash of style. Note: Inspect all tiles before installation. Natural stone products inherently lack uniformity and are

subject to variation in color, shade, finish etc. It is recommended to blend tiles from different boxes when installing. Natural stones may be characterized by dry seams and pits that are often filled. The filling can work its way out and it may be necessary to refill these voids as part of a normal maintenance procedure. All natural stone products should be sealed with a penetrating sealer.
