LOT 291 - [✓] [MSRP: \$126.00] GE 50 Amp 240-Volts Double Pole Ground Fault Breaker with Self-Test

Description

About This Product - GE 50 Amp 240-Volts Double Pole Ground Fault Breaker with Self-Test

The GE 50 Amp Double Pole Ground Fault Circuit Breaker with Self-Test has a tin plated copper stab to create a reliable, permanent and corrosion resistant connection. The Self-Test functionality is a UL requirement on all GFCI devices commencing in June 2015. This variant of the GFCI ensures its ground circuitry is functioning properly by automatically running diagnostic testing on a periodic basis. Should a problem be detected, the circuit breaker will trip and will need to be replaced.

Highlights

- Unit provides protection against overloads, short circuits and ground faults
- Detects very low levels of electrical current leakage (ground faults) and acts quickly to shut off power, preventing serious shock
- Class a 5ma ground fault circuit interrupter
- Wire range is # 8-3 AWG cu/# 8-3 AWG al
- UL listed no, e51075

Specifications

AIC Rating: 10000

Breaker Type: Standard

Connection Type: Neutral

Interruption Type: GFCI

Maximum Amperage (A): 50 A

Mounting Type: Plug-On

Number of Poles: Double

Number of Spaces: 2

Pack Size: 1

Power Distribution Features: Trip Indicator

Product Weight (lb.): .858 lb

Returnable: 90-Day

Series Type: Not Specified

Trip Unit: Electronic

Voltage (V): 240 V

Certifications and Listings: CSA Listed,UL Listed

Manufacturer Warranty: One year warranty from first use

Product Depth (in.): 4.5 in

Product Height (in.): 3 in

Product Width (in.): 2.25 in

Product Information

Internet # 327959034

Model # THQL2150GFT2P

Quantity: 1
