LOT 254 - [✓] [MSRP: \$69.98] Husky Smart Watering Timer for Irrigation and Sprinklers Powered by Hubspace

Description

About This Product - Husky Smart Watering Timer for Irrigation and Sprinklers Powered by Hubspace

The ultimate saver for water, time, and money for your lawn and garden. Simple to set up and easy to use all season long. Easy to program and monitor through the Hubspace App that allows multiple watering schedules to fit your needs while saving you money. Alexa and Google voice activated features allow additional ease of use. LED indicator lights allow you to quickly determine the status of the timer, valve function and battery level. Manual mode function is available to quickly water between

schedules. Get your watering done in half the time with this dual spigot timer that allows 2-hoses for optimal watering.

Highlights

- Programmable start time, frequency, and duration of watering (1 to 360 minutes)
- Up to 4-independent programmable schedules and 2-zones
- Safeguard feature automatically shuts water off when battery is low
- Rain delay feature pauses watering schedules to prevent unnecessary watering, helping with water consumption and saving money
- 2-AA batteries included
- Wi-fi certified Hubspace smart plug gateway included (1-year warranty)
- 4-year warranty for the timer, 1-year warranty for the smart plug
- Full Features require Wi-Fi connection. Products must be in range for Bluetooth connection. Requires Hubspace app. Third-party features may be subject to change or removal without notice.
