### Description

#### About This Product - FastenMaster TimberLOK Structural Wood Screws - 6 inch wood screws with hex head - Black (50 Pack)

FastenMaster TimberLOK is a hex head, heavy duty wood screw available in a variety of lengths and packaging sizes for applications such as attaching rafter or trusses to the top plate, headers, stair stringers and more. Designed to replace traditional 3/8 inch lag bolts, TimberLOK installs in a fraction of the time with fewer steps and less effort. Its sharp point and aggressive threads zip right into the densest woods. TimberLOK is tested and supported by engineering data that conforms to the most current ICC standards. It is also approved for use in ACQ or treated lumber. Includes 50, 6 inch

wood screws with hex head, and 1 hex driver bit. In 1998, TimberLOK pioneered the category of structural wood-to-wood screws. Since then, TimberLOK and the rest of FastenMaster's LOK Line have been trusted by PROs everywhere.

## Highlights

- Versatile structural wood screw for applications such as attaching rafter or trusses to the top plate, headers, stair stringers and more
- Includes 50, 6 inch wood screws with hex head, and 1 hex driver bit
- Installs in a fraction of the time versus traditional lag bolts with fewer steps and less effort
- Replaces 3/8 inch lag bolts with no predrilling required
- Tapered heads countersink easily into wood
- Sharp points and aggressive threads help penetrate dense woods without pre-drilling and provide strong shear values
- Heads stamped for easy code inspection
- Head style allows for countersinking during installation
- 2" of thread for greater holding strength
- Sharp point for fast installation
- Tested and supported by engineering data that conforms to the most current ICC standards (ICC-ES ESR-1078) - approved for use in ACQ or treated lumber
- Warrantied for the life of the project

## Specifications

Drive Style: Hex

Fastener Color: Black

Fastener Material: Carbon Steel

Fastener Plating: Electro Galvanized Zinc

Fastener Type: Structural Screws

Features: No Additional Features

Grade: Not Graded

Head Style: Hex Head

Included: Driver Bit

Interior/Exterior: Exterior, Interior

Measurement Standard: ASTM

Measurement System: Inches

Package Quantity: 50

Product Weight (lb.): 2.85 lb

Returnable: 90-Day

Thread Pitch (mm): 3 mm

Thread Style: Coarse Thread

Threads Per Inch (TPI): 12 TPI

Manufacturer Warranty: Lifetime

Screw Length: 6 in

Size: 3/16 in

## **Product Information**

Internet # 202268250

Model # FMTLOK06-50

**Quantity: 1**
