LOT 174 - [MSRP: \$42.21] 45 Gal. 16 mic 40 in. x 48 in. Standard Trash Bags Natural Can Liner (25-Count, 10-Rolls per Case)

Description

Choose Renown High Density (HDPE) when you need a strong liner for your heavy-wet or non-sharp waste. The reason: High density resins make these liners extremely tough and strong even at low gauges. Thinner stronger HDPE film also means less plastic waste going into incinerators or landfills so these are a great source reduction choice too. Use for heavy wet or non-sharp waste. Great choice for source reduction. Star bottom seals help distribute waste weight among the bag seal. Convenient coreless rolls offer ease of use, storage and inventory control.
