Description

About This Product - Milwaukee M18 FUEL 18-Volt Lithium-Ion Brushless 1 Gal. Cordless 3-in-1 Backpack Vacuum (Vacuum-Only)

The MILWAUKEE M18 FUEL 3-in-1 Backpack Vacuum brings unmatched performance, portability, and versatility to jobsite cleanup. The POWERSTATE brushless motor and cyclonic vacuum technology deliver up to 2X more suction than the competition. The portable backpack vacuum cleans up drywall dust, concrete dust, wood/metal shavings and other common jobsite debris quicker and more efficiently. An integrated quick release removable harness with an integrated canister hook to allow the user to wear, hang and carry the canister vacuum for ultimate cordless cleaning versatility on any

jobsite. At only 76 dB(A), the cordless vacuum is up to 3X quieter than a traditional jobsite shop vac, allowing for quiet operation in occupied spaces. The included HEPA filter ensures optimal dust and microparticle collection. As a part of the M18 system of tools, it is powered by REDLITHIUM battery packs, which deliver up to 25 minutes of run time on a HIGH DEMAND 9.0 Battery Pack in high mode, and over 40+ minutes of run time in low mode. For added convenience, the bagless backpack vacuum cleaner empties debris at the click of a button, reducing downtime when the canister is full and allowing you to get back to the task at hand. Whether it is used for spot, area, or final cleanups, the M18 FUEL 3-in-1 Backpack Vacuum can go anywhere on any jobsite to complete countless cleanup tasks.

Highlights

- 55 CFM
