LOT 139 - [MSRP: \$199.00] SPEED BENCH Mobile Workstation

Description

The RYOBI SPEED BENCH Mobile Workstation is a 2-in-1 product, uniquely designed to transform from cart to workbench and back. Effortlessly set up with one fluid motion, allowing you to work and store anywhere. In workbench orientation, utilize the large 42" x 22" durable wood work surface with a 400 lb. weight capacity. This work surface allows for 4-sided edge clamping and the ability to mount miter saws and other tools. The work surface also features convenient SAE/Metric measurement and protractor lines to conveniently reference while working. The included LINK Accessory Rails can be mounted in multiple locations, taking advantage of the included LINK Double Organizer Bin and other LINK compatible products and accessories. When your project is complete, convert to cart orientation for compact storage. In cart orientation, the sturdy steel frame and heavy-duty 19" skid plate allow you to transport up to 300 lbs. of products and materials. Equipped with 10" all-terrain wheels for effortless transport on a
