LOT 85 - [✓] [MSRP: \$12.99] Back to the Roots 25.7qt Organic Garden Soil Premium Blend For in Ground Planting

Description

Back to the Roots Organic Garden Soil is a great soil for herbs, veggies, fruits, and flowers in the ground! This soil blend contains natural and organic soil mix, all-purpose plant food to help grow bigger plants*, and dolomitic limestone to adjust pH. Our garden soil is peat-free, meaning that instead of imported peat, the base of our potting soils is made from upcycled plant matter and wood fines. The Back to the Roots Organic Garden Soil is a great addition to your at-home gardening supplies!
